

NAC-24F

120Watt 100Volt Volume Controller

- It is used for constant voltage broadcast lines.
- With four gear adjustable, according to the need to adjust.
- Suitable for installed in 86 bottom box, unified, coordinated and beautiful after installation.
- With forced switch features.

SPECIFICATION

POWER PARAMETERS

Power Output: 120W

Input Voltage: 100V

ACCESSORIES

1×Quick Installation Guide

1×Warranty card and Certificate of qualification

MECHANICAL&ENVIRONMENT PROPERTIES

Mounting Method: Wall-mounted

Installation Environment: Dry Indoor Locations

Operating Temperature: 0°C~+45°C

Operating Humidity: ≤90% RH non-condensing

Shell Color: White

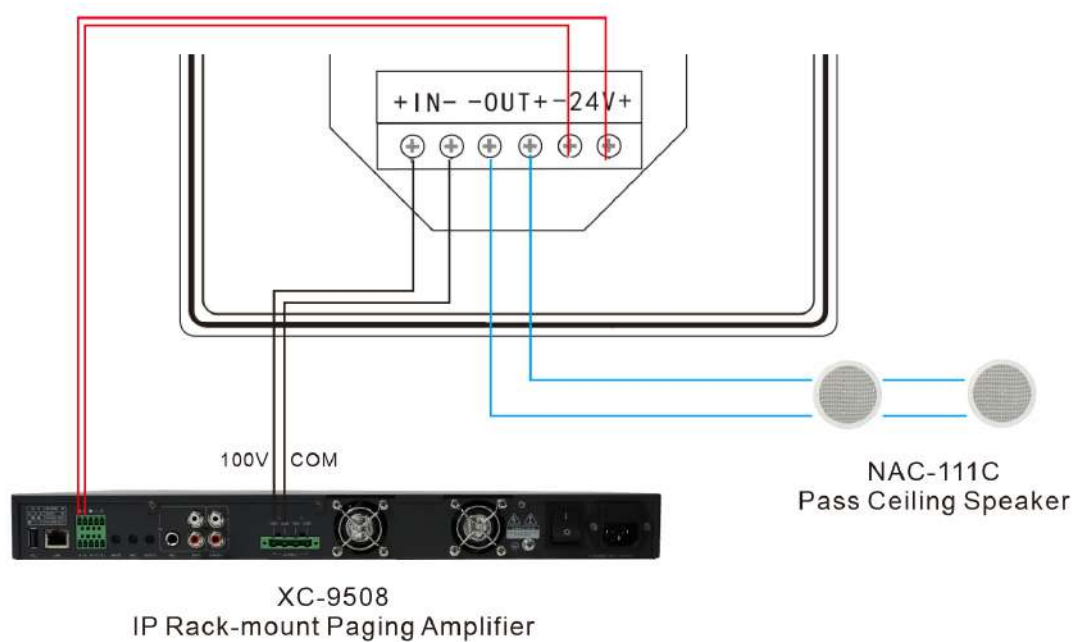

Shell Material: Plastic

Dimension: 87*87*70mm

Weight: 0.33kg

Warranty: 2 Years
